About Rayburn Country Golf

The Golf Club at Rayburn Country consists of 18 holes of golf nestled into the whistling pines and carved into the hills of Brookeland, Texas. With over 150 feet of elevation, the golf course offers dramatic views and a refreshing experience!

Opened in 2010, our newly redesigned and renovated 18 holes of golf by architects Randy Russell and Bill Hanna offers an exciting test of golf for all skill levels equipped with four sets of tees, creative yet small bunkers, and fascinating green complexes. This new diamond in the rough has been classically preserved for modern day fun!

The practice facility has been entirely renovated to include a spacious driving range tee with optional hitting mats, a chipping green with a bunker and a large putting green to keep your game sharp.

Our staff is excited that you are interested in calling The Golf Club at Rayburn Country your home. Please feel free to let us know how we can make your experience enjoyable!

*Sincerely,
Paul Calame, PGA
General Manager and Head Golf Professional*
